websites Alza.cz, Heureka.cz and Testuj.to

We tested 16 Epico mobile accessory products in the Czech Republic. There was great interest in the campaigns and we managed to select suitable testers without any problems. All 80 testers delivered quality reviews exactly as requested. The result is 240 authentic reviews that provided the client with business performance and valuable customer insights.

*Working with Testuj.to brought us quick feedback from relevant customers.*

*Thanks to authentic reviews, we gained valuable insights for business and marketing, while also supporting the credibility of our products.*
